CAMPUS STATION WNTC

Under the direction of Gene Mueller, Campus Station WNTC has continued its fine work during the past year.

In spite of the numerous difficulties encountered, the new studio has been established next to the Comm House, the entire construction hav-

ing been done by Clarkson and PSTC students.

The station offers opportunity to the students of both colleges, since both engineering skill and conducting ability are essential for the production of better and more beneficial programs.

Sadie Haskin's Day Dance sponsored by Station WNTC.
